1. Reference is made to your recent telephone call advising this office that you had accepted a civilian position. In this connection there is inclosed DA WFO Form 34-38 which should be completed in duplicate by your employing agency and returned to this office at the earliest practicable date.
2. You are advised that Section 212 of the Act of 30 June 1932 limits combined salary and retired pay to \$3,000.00 per annum, except if the disability for which you were retired was by reason of wounds received in action, the result of combat with an enemy of the United States or the result of an explosion of an instrumentality of war.
3. In the event your disability does not exempt you from the restrictions, your combined salary and retired pay could not exceed \$3,000.00. Since your retired pay alone is in excess of that amount per annum, your retired pay has been suspended by this office. Upon receipt of verification of your disability status from the Adjutant General, you will further be informed as to your eligibility to receive retired pay.
4. You are further advised that the Class E Allotment in the amount of \$28.32 per month has been discontinued by this office effective 31 May 1952. Therefore it is suggested that you make premium payments directly to the Travelers Insurance Company, Hartford, Connecticut.
